

Name of intervention:

Time to Talk

Intent: to give children emotional guidance and support.

Implementation: The Time to Talk box is available for children in Year 3 and upwards. The box and blank slips are in a communal space. Children can fill out a slip at any time and post it in the box. Mrs Taylor checks the box sporadically throughout the week, and will offer these children 1-1 time to talk, appropriate guidance and support. Mrs Taylor then liaises with teaching teams, school SENCO and parents/carers as necessary.

Impact: Children can use this intervention as and when they need it. They can talk through their emotions and receive appropriate guidance. Children are confident that they can access emotional support.

Lead by: Carly Taylor
